English 2 – English Language Learners
Liz Cheetham

	Year 11	Year 12	Year 13
Course Content	It is unlikely that an international student arriving with less than 4.5 IELTS could achieve Level 1 English. To be successful at this level, students must be able to work competently at a 2000 or higher word level and have developed sound grammatical structures. The course contains a combination of the core skills of writing, reading, speaking and listening.	Success at this level requires a vocabulary of 3000 words or more and a proficient working knowledge of advanced grammatical structure. The Level 2 programme covers the writing and reading requisites for University Literacy.	Students must be able to work competently at a high academic level of written English to achieve at Level 3.
Pre-requisites	Students who do not have a sufficient grasp of English in Year 11 will work on individual programmes with the opportunity of assessment when they are deemed capable of achieving.	Programmes are modified for students who do not have an adequate competency in English to succeed at their appropriate Year level.	The Level 3 programme can be geared to student needs, the first priority being that all students meet NZQA UE Literacy requirements.
